THOROUGHBRED SPORTS AND THE STATE, LTD.

One of the things we should never lose sight of is that the well being of all Thoroughbred horse sports is inevitably bound up with the well being of flat racing. It is flat racing which supplies the strains from which the Thoroughbreds and near Thoroughbreds are produced that carry us in riding schools, show rings, polo matches, hunting fields and point-to-points. Whether we breed our mounts for these special purposes or whether we acquire them as by-products of race horse breeding, the prosperity of the tracks affects us all.

The first index of prosperity is the percentage which is subtracted from the total amount bet and divided between the state and race track management—otherwise known as the take. The percentage varies somewhat from state to state, each one charging approximately what it has been found the traffic will bear. Bettors have become increasingly conscious of the size of the take. Particularly in the East where there is racing in several contiguous states, they have shown a strong tendency to transfer their patronage if a given state raises the total take.

The division of the total between the state taxing authorities and race track management is the second index of prosperity. The size of purses depends on the tracks' share, just as the value of racing and breeding stock depends on the size of purses. Politicians are always looking for new sources of revenue so that in years past the states have frequently tried to increase their percentage, a move which has been strongly opposed by horsemen.

It is only recently that this conflict between track and state has begun to give way to a more cooperative point of view. Since the amounts collected in taxes depend, in the long run, on the general prosperity of racing, the state is in effect a partner of racing. This partnership between government and sport has been carried out in other fields. Cities such as Cleveland, Baltimore and Kansas City have built municipal stadiums which are leased for major league baseball and other professional sports. This spring the Governor of New York signed a bill to construct a 30 million dollar sport center in Brooklyn. A few months earlier he signed a bill putting all New York racing in the hands of the Greater New York Association on a non-profit basis, the state agreeing to postpone the col-

lection of a part of its share of the take in order to make possible the financing of much needed improvements to the racing plants. The necessity for cooperation has been further emphasized by competition from adjoining states. Undoubtedly we shall see state and track officials standing shoulder to shoulder in battles to prevent federal, county and municipal authorities from taking further tax bites.

Currently racing appears to be on the crest of the wave. Attendance and betting are up at Saratoga, with plenty of high class horses racing on the flat and through the field. The yearling sales of the Fasig-Tipton Company were up 8% as compared with last year and a new American record for a yearling at public auction was set when Mrs. M. E. Lunn of Llangollen Farm, Upperville, Va. paid \$87,000 for a grey colt by Hyperion consigned by the nearby Newstead Farm of Mr. and Mrs. Taylor Hardin.

But all of us who enjoy Saratoga as the meeting which perhaps places more emphasis on sport than any other in this country, should remember that it would produce over a million dollars more revenue if held in the New York City area. Another hard fact is that the Greater New York Association's program for modernising its racing plants so that they can compete with neighboring states, a program on which the survival of major track steeplechasing in this country depends, can only be carried through if the state agrees to raise the GNYA's share of the take from 4 to 6%. In New York, as in all other racing states, the continuation of our present prosperity can only be assured through close cooperation between legislators and horsemen.

Dear Sir:

I want to congratulate you as Editor of "The Chronicle" of Middleburg, Virginia. I am a subscriber, and enjoy reading it very much. If you should come to France, I do hope that you will visit my Stud, the Haras des Monceaux.

I was over in England twice in June, for both the Epsom Week and the Royal Ascot Meeting. Unfortunately I lost the Derby in a photo-finish by a short neck, with my horse MONTAVAL by NORSEMAN out of BALLYNASH by *NARULLAH. Of course, the goal of all breeders throughout the world is to win the English Derby, and I have twice be-

Raleigh Burroughs

True lovers of the Thoroughbred have been known to wince when exposed to the vernacular of the true lover of Thoroughbred racing.

Men who have been raised with horses and have raised them suffer more than a little when over-the-fence acquaintances of the animal refer to a lagging runner as a "beetle" or a "goat".

Disparaging terms applied to people's pets may cause more than resentment.

There was a field trial in the south a few years back (30 is a few, Valarie, when you get to be my age) where a fellow got himself a punch in the nose for using an ill-chosen word when referring to a female Irish setter.

In Gawgia, in those days, a canine of the \$2-to-show sex was known as a "gyp." The correct word had fallen into ill repute through long association with three other words.

The judge—from the North and a subscriber to the American Kennel Gazette—was the kind of a man who did a workmanlike job and called a spade a spade—and it was the same way with a female dog.

Naturally, when ordering a handler to call in his distaff-side dog he employed his own Yankee vernacular.

The handler never before had heard this word used without the other three, and considered it an insult of the nastiest kind, so he ups and pops the guy.

The pain and embarrassment felt by this judge must have been severe, but it is possible that the linotype operator of a large city daily suffered far and away greater agony because an associate to the unsavory habit of hanging slanderous names on horses.

I will not reveal the name of the paper; suffice it to say that it prints all the news that's fit to, and that Times Square, in New York City, got its name because it happened to be lying around in front of the newspaper's building.

I do not know how this awful thing happened, as, in cases of this character, witnesses won't talk, but it is very easy to reconstruct the crime. It could have happened only one way.

The newspaper involved carried a sort of index arrangement for the use of readers who can't wait to turn the pages to see what happened the day before.

There is a list of items something like this:

Giants Beat Dodgers
Furgol Takes Golf Classic
Nashua Has Collie

—and so on through all the main events.

Well, as I reconstruct it, on the afternoon of August 11, the linotype operator turned to the gent who was

feeding him his material and asked, "Who won the big heat at Atlantic City?"

Exactly what the answer was I do not know, but, as I reconstruct it, it must have been "Some goat" because the first edition of the Sunday paper indexed it this way:

"Some Goat Wins Atlantic City Handicap."

So let us teach our children not to speak disparagingly of horses. They may grow up to be linotype operators.

Swoon's Son threw the three-year-old division into a beautiful snarl by galloping to victory in the American Derby on August 18.

With Needles holding front rank among those of his age, a win in this one would have made him the champ for sure. He had accounted for the Flamingo, Florida and Kentucky Derbies and the Belmont Stakes.

But Swoon's Son, the sprinter, now has proved his ability to go 1 3/16 miles on the grass—very damp grass, too—and certainly convinced many that he is as good as any three-year-old doing business at this time.

As the race was run, Eddie Arcaro held Swoon's Son off the pace until about the middle of the backstretch, then began picking up horses and had 'em all picked up at the eighth pole.

At the end, Swoon's Son was three-quarters of a length before The Warrior, with Toby B. in third place and Liberty Sun, fourth.

Needles was fifth.

The race was worth \$102,600 to Mr. E. Gay Drake, owner and breeder of

A. G. "Lex" Wilson trains the colt.

Donald McKellar's 8-to-1 shot Splendored, took first place in the Princess Pat Stakes (August 13) as Leallah suffered her first defeat after running up a string of five straight wins.

Splendored, under J. Heckman, was a couple of lengths back in the early stages of the six-furlong dash through the ooze, then started closing ground and was by half a length behind the 2 leaders, Romanita and Leallah, at the eighth pole. Romanita held on well and was beaten only a head, but Leallah dropped back to fourth place, six lengths back of the winner.

Bluebilly was fourth.

Splendored was winning her third race of the year and her first stakes. She has been second once in 6 starts. Her earnings with the \$58,300 from the Princess Pat, add up to \$84,450.

The two-year-old filly is by Double Jay, from Brilliancy, by Stimulus. Mrs. John D. Hertz bred her.

L. H. Thompson trains for Mr. McKellar.

Saratoga

The choice of the public because he had won the Brooklyn and had given Nashua a tough battle in the Suburban, **Dedicate** turned in perhaps the best effort of his career in winning the **Whitney Handicap**, on August 14. The four-year-old son of ***Princequillo**—**Dini**, by John P. Crier, set a new course record of 1:49 4/5 for 1 1/8 miles.

Willie Knapp who rode Sun Briar to the former record, 37 years ago, clocked the race. He is official timer at Saratoga.

Dedicate won with authority by four lengths. Summer Tan was second by 4 1/2 over Paper Tiger, which defeated his stablemate, **Searching** by a half.

Mrs. Jan Burke owns **Dedicate** and bred him. W. C. Winfrey gave Mrs. Burke her early training and she figures he's good enough to train her horses.

He's her father—and he's good enough, all right.

The value to the winner was \$31,500. This gives **Dedicate** \$86,600 for 1956. He won \$83,050 last season.

Bill Boland had the mount.

The six-furlong **Saratoga Special** (August 13, this year) is a winner-take-all race. In the old days, the purse was made up by the owners, so it wasn't very large. Under the present conditions, the track puts up as much as the owners do, and that helps some.

This year's renewal (the 54th running) was worth \$13,500 and the

money will go to Canada as Mr. E. P. Taylor's **Nearctic** won it.

The colt (by **Nearco**—**Lady Angela**, by **Hyperion**) had won his five Canadian starts, including the **Clarendon** and **Victoria Stakes** and arrived at Saratoga undefeated.

This status was altered in **The Flash**, in which **Missile** finished first and **Nearctic** was eighth.

After his defeat the players, allowed the Taylor two-year-old to get away from them at odds of better than 5 to 1 in the **Special**.

Over a muddy course, he dashed off in front and gained a long lead, coming to the stretch four lengths on top. He tired, though, in the footing and was only three-quarters of a length in front of **Clem** at the wire. **Amarullah** was six lengths back in third place and 2 1/2 ahead of **Thin Ice**, the favorite.

Nearctic's record now shows 6 wins in 7 starts. He had earned \$13,935 in Canadian money (which is just as good as ours) before coming to this country and now has a total of \$27,435 in mixed currency.

Mr. Taylor bred **Nearctic** and **Charles W. Shaw, Jr.**, trains him.

G. Walker had the mount in the **Special**.

Jockey **Sidney Cole** turned in a neat riding effort to win the **Test Stakes** on **Ogden Phipps' Glamour**, on August 13.

The three-year-old filly led for the full six furlongs and **Cole** saved ground as he rounded the turns to have a two-length advantage over **Medal Play** at the finish. **Levee**, co-favored with **Nasrina**, ran third and **Nasrina** fourth.

Glamour paid \$15.70 in the mutuels

and brought \$15,750 to her owner, whether or not he wagered.

The daughter of ***Nasrullah** out of **Striking**, by War Admiral was making her 16th start of the year and accomplishing her fifth victory.

She has been second twice and third once, and has earnings of \$46,600. She won \$10,475 as a two-year-old last season.

Jim Fitzsimmons trains **Glamour**.

She was bred by **Ogden Phipps** in partnership with the **Wheatley Stable**.

Ten two-year-olds came out for the **Grand Union Hotel Stakes** on August 17, but it proved to be a one-horse race. **Greentree Stable's** home-bred **Cohoes** raced into the lead and the more he raced, the more he led. The event is at six furlongs.

Ted Atkinson had **Cohoes** six lengths in front when the electric timer clicked off.

Beaurocracy, **Gannet** and **Missile** followed in the money positions.

Cohoes had but one win to his credit going into the race, but was made the choice at 2 to 1 because he had been working like a typhoon and was coupled with **Thin Ice**.

With the \$22,500 he took out of the **Grand Union**, **Cohoes** has earnings of \$32,465. Besides his 2 wins he has a second and 2 thirds.

Th colt is a bay, by ***Mahmoud**—**Belle of Troy**, by **Blue Larkspur**.

John Gaver trains him and **Ted Atkinson** is his regular rider.

King Hairan: Another Needles

Frank Talmadge Phelps

The Sapling Stakes at Monmouth Park since its revival in 1946 has served as the proving ground for an unusual number of good juveniles. Among its winners in that decade have been such two-year-old champions or near-champions as Blue Peter, Battlefield, Laffango, Artismo, Royal Coinage and Needles; and its runners-up during the same period have included such able runners as Hill Prince, Uncle Miltie, Royal Note and Decathlon.

Although the latter has proved a crack sprinter, Hill Prince, Battlefield and Needles went on to become classic runners and three-year-old champions.

This season's Sapling success, King Hairan, has a background remarkably similar in many respects to that of Needles.

Both are Florida-bred products of the Ocala property that used to be William E. Leach's Dickey Stables, but is now the syndicate-owned Ocala Stud Farms. Both won the colt class of the Florida Breeders' Association Two-Year-Old Show. Both were then sold privately to partnerships. Both are descendants of Ultimus, King Hairan through his sire's grandam and Needles through his grandam's sire. The full brothers *Bull Dog, great-grand sire of King Hairan, and *Sir Gallahad III, sire of the grandam of Needles' sire, also figure in the two colts' ancestry. And *Melpomene, third dam of Needles, is a half sister to Harpsichord, who appears on both sides of King Hairan's pedigree.

So far, however, this year's juvenile star has accomplished far more than had Needles at the same stage of his career.

Last season's Sapling was Needles' first stakes triumph although he amply demonstrated his quality therein by walloping the previously unbeaten Decathlon and Polly's Jet. The Hopeful Stakes at Saratoga was the only other two-year-old feature taken by the Kentucky-conceived son of Ponder—Noodle Soup, by Jack High.

But this year's Sapling was the seventh stakes acquired by King Hairan, who, unlike Needles, was conceived as well as foaled at Dickey Stables. The brown colt by King's Stride—Lady Hairan, by *Hairan, arrived on Feb. 24, 1954.

He first came to public notice on Jan. 15 of this year, when Ben A. Jones judged him "Best in Show" at the Hialeah Park exhibition of native-bred juveniles.

Two days later the colt made his first start; and equaled the Nursery Course (three straight furlongs) record of :32 2/5.

He was catalogued for the Hialeah Sales the following week. But before the auction Mr. Leach sold him privately to Leo Edwards and Grandview Stable for \$36,000, including \$1,000 State sales tax. Grandview, the racing organization of Harry B. Massey, is something of a silent partner; and the King's Stride colt usually appears in Mr. Edwards name.

For his new connections he made two more starts over Hialeah's Nursery

Course. He won the Florida Breeders' Stakes by three lengths in :32 4/5 as one of the top weights; and outbattled a group of outlanders (that is, non-Florida-breds) by three-quarters of a length in :32 3/5 for the Hialeah Juvenile. Moving to Gulfstream Park, he missed the three-furlong track record of :32 3/5 by a fifth of a second in a top-weighted, two-length decision in the Dinner Stakes. But when he tried to run around a turn for the first time in the Gulfstream Juvenile, he faded to fifth. Not only was this his first loss but it is also still the only time in 11 starts to date that he has finished worse than second.

Trainer Leonard H. Hunt let up on the big 15.3-hand, 1,100-pound Edwards colt for over six weeks thereafter, to allow his growth to catch up with his speed. Returning to action at Belmont Park, he promptly lost twice to the unbeaten Bold Ruler, by a neck in an allowance race and by a length in near-record time in the Belmont Juvenile Stakes.

King Hairan then took a jaunt to Delaware Park for the Christiana Stakes. Top-weighted at 125 pounds, he prevailed by 2 1/2 lengths in :58 3/5, just three-fifths of a second slower than the five-furlong track record.

Back in New York, he encountered a sloppy track for the first time in the Tremont Stakes at Jamaica. But the wet footing fazed him not a whit, and he scored by 1 3/4 lengths under top weight. Again carrying the heaviest impost for the 5 1/2-furlong Great American Stakes, he topped the previously unbeaten Beauguerre by 1 1/4 panels in 1:04 2/5, only four-fifths of a second short of the track record.

The \$50,000-added Sapling, King Hairan's first effort at so far as six furlongs and under top weight of 124 pounds, marked his eighth triumph in

11 appearances. His two seconds have helped raise his total earnings to \$141,175, making him the richest two-year-old of the season thus far.

With any precocious two-year-old, the chief question once his class has been proved, is always: How far will he go? In King Hairan's case, his many similarities with Needles raise another query: Is he another Needles?

Only time, of course, can answer these questions. We may know more about the matter when the still undefeated, but temporarily ailing, Bold Ruler returns to competition. The also unbeaten Midwest champion Greek Game and the Western star Lucky Mel must likewise be included in any list of outstanding two-year-olds, and it is to be hoped that some of the fall juvenile features will provide a meeting between them and the Eastern colts.

At the moment, we can say only that King Hairan, save for his two close losses to Bold Ruler and his defection in his first effort around a turn, has done everything asked of him; and has done it in brilliant style. He has as much sheer speed as any member of his generation. While he expends it generously in the early stages of a race, he demonstrated in the Christiana that he can be rated with good effect. He has the size and musculature to make a real good horse, as long as he keeps going the way he has been.

On the other hand, pedigree pundits may properly point out that he is already the best performer to be found anywhere within two generations of his ancestry, which is composed almost exclusively of speed horses. He has already exceeded by such a wide margin anything that might reasonably have been expected from his breeding that it may logically be questioned how much farther he can go.

King Hairan's sire, King's Stride, was an \$8,500 yearling of 1948. The son of Coldstream—Royal Sandal by *Royal Minstrel, made one start early in his two-year-old career; was unplaced; and developed ankle trouble. Mr.

Saratoga Sales Summaries

The five nights of the yearling sales, conducted by the Fasig Tipton Company at Saratoga Springs, New York ended in a blaze of glory on Friday night August 17th when Larry MacPhail's Glenangus Farms, singly and in partnership, sold 41 yearlings for an average price of \$16,285, over \$5,000 more than a similar number of yearlings bought on the same night a year ago. The final session brought the overall total to \$2,219,000 or an average of \$10,133 per head. This represented an increase over last year of approximately 8 per cent.

A new American record for a yearling sold at public auction was made the first night when Mrs. Elizabeth Whitney Lunn of the Llangollen Farm, Upperville, Va. paid \$87,000 for an imported grey colt by Hyperion—Deodora by Dante consigned by Mr. and Mrs. Taylor Hardin's Newstead Farm, also of Upperville. Curiously enough the underbidder also hailed from the same address—Preston Burch bidding for a syndicate headed by Mrs. Dodge Sloane of the Brookmeade Farm. Second high dollar for the sale was brought by MacPhail's brown colt by *Heliopolis out of the stakes winning Roman Miss which fetched a bid of \$57,000 from Paul Ebelhardt, Manager of the Calumet Farm, who was acting for Ralph Lowe of Midland, Texas. Further comments on the sales will be found elsewhere in this issue in the columns

headed "News from the Stud" and "In The Country."

Mrs. Dodge Sloane, of Brookmeade Farms, Upperville, Va., was the underbidder for Mr. and Mrs. Taylor Hardin's imported \$87,000 Hyperion colt sold at Saratoga the first night. The three Thoroughbred farms which figured in the sale of the high priced yearling are located within a radius of 5 miles in the heart of Virginia foxhunting country.

Virginia At The Saratoga Sales
Lucy Eddins, Field Secretary Virginia
Horsemen's Association

The Figures

We've all heard the saying that "All flesh is grass", but the equine flesh under the hammer at the Spa sales was not grass but gold. Grass undoubtedly had a part in transforming it into gold, the value of the Virginia yearlings in particular being enough to make Fort Knox decidedly uncomfortable.

Here are a few statistics guaranteed to warm the heart of any owner, breeder or trainer of Virginia Thoroughbreds.

The average price paid for a Virginia yearling at Saratoga on Monday night, August 13, was \$9,100. The average for other yearlings was \$5,542.

Tuesday night the youngsters from Virginia brought an average price of \$10,400, while yearlings from Kentucky, New York and Pennsylvania averaged \$4,961.

The Old Dominion babes commanded an average of \$14,377 on Wednesday night, compared with \$5,577 for those from New York, California, Maryland, Kentucky and Connecticut.

On Thursday night 35 yearlings from Virginia brought an average price of \$13,600 each, while the remaining 10 "out-of-state" youngsters averaged \$10,700. Virginians sold during the first four nights of the sale, their yearlings brought an over-all average of \$11,994 each.

Virginia Sellers And Buyers

Sixteen buyers from Virginia paid an over-all average price of \$25,506 for the youngsters bought in the five night period.

Upperville Yearling Records

Virginians seem to have set a precedence of record making and breaking. In 1929 Col. Charles Cushman of Windsor Farm, Upperville, paid \$75,000 for New Broom, then a yearling, and the record set by this price stood for over 20 years. On Monday night Mrs. M. E. Lunn of Llangollen Farm, Upperville, stopped the bidding at \$87,000, thus establishing another record. It was the highest price paid for a yearling in the history of yearling Auction sales in this country.

The animal in question is imported, and a striking grey son of the world-famous Hyperion, out of Deodora by Dante. With Nearco and Gainsborough also in his pedigree, his value as a sire when he is through racing should be outstanding.

Mr. and Mrs. Taylor Hardin of Newstead Farm, Upperville, were the consignors, and Mrs. Isabelle Dodge Sloan of Brookmeade Farms, Upperville, was the underbidder.

The second highest price paid on Monday night was \$29,000, for which C. T. Chenery of the Meadow, Doswell, Va., purchased an imported brown son of Tehran out of Andromeda. The consignors in this case were again Mr. and Mrs. Hardin.

A grand-looking colt by Princequillo out of Shimmer, representing Whitney Stone's Morven Stud, went for \$36,000 on Wednesday night, and on Thursday night a bay daughter of Nirgal out of Your Game by Beau Pere was sold for \$21,000. From Mrs. George Harrison's Blue Ridge Farm in Upperville, the filly was bought by Mrs. Marion duPont Scott, whose establishment in Montpelier, Va. has produced some of the finest race-horses both steeplechasers and on the flat, in the world.

The Nydrie Stud, owned by Mr. and Mrs. Danny van Clief of Esmont, Va., set another record by selling 20 yearlings at an average price of \$16,000. Among these, the bay son of Nearco out of Mieuxserene and the chestnut colt by Polynesian out of Seraphin brought \$41,000, while the chestnut sons of Tom Fool out of Monogamy and Windy City II out of Mint Spring were sold for \$27,000 and \$25,000, respectively.

Nydrie's exceptional consignment also included an imported brown son of Tulyar out of China Bay, which brought \$33,000.

Youngest Consignor

Virginia claimed another "first" on Thursday night. Miss Margaret Church, at 12 the youngest consignor to sell a

yearling at Saratoga, saw her handsome brown colt by Knockdown out of Delicatus sold for \$6,000. Since the colt will be training in Maryland, Miss Church hopes to be able to check up on his progress from time to time, and when he begins his racing career, there is no doubt that she will be his most fervent supporter.

Delicatus, the colt's dam, was given to Margaret by her parents, Mr. and Mrs. Melville Church II, of North Cliff Farm in Rixeyville, Va. Last year the mare was bred back to Knockdown, which stands at North Cliff, and Margaret plans to bring the colt to the Sales next year.

More Virginia Buyers

Although no Virginia yearlings were on the block on Friday night, Virginia buyers were still active. Mrs. Danny van Clief paid \$6,500 for a chestnut son of Big Dipper II out of Wafer, while Mr. van Clief stopped the bidding at \$25,000 for a bay colt by Tulyar out of Gateen Bawn.

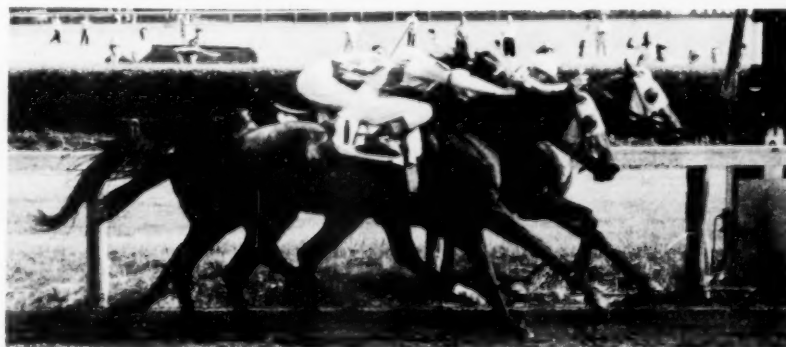

Audley Farms Berryville, Va. were high bidders at \$5,900 for a bay colt by General Staff out of Our Hostess.

The Services of seventeen well-known stallions were auctioned off during the sales, and the proceeds given to the National Museum of Racing in Saratoga. On Monday night Whitney Stone of Morven Stud, Charlottesville, Va., was the highest bidder at \$4,900 for the services of Battlefield and Mrs. Marie Moore of High Hope Farm, The Plains, Va. paid \$1,700 for a stud service to Depth Charge. On Thursday night Mr. George Offutt of Warrenton paid the top price of the evening for a stud service when he went to \$4,700 for a service to Your Host. Another stallion whose services were donated to the auction was Hill Prince, who is owned by C. T. Chenery of The Meadow, Doswell, Va.

Springsbury Import

Mrs. George Greenhalgh is bringing back to her Springsbury Farm in Berryville, Va., her mare Eastern Grandeur. The mare has a foal at her side by Never Say Die, and will be bred to *My Babu, in which Mrs. Greenhalgh has an interest.

Two heads separated the win, show and place horses in THE BROOKLYN HANDICAP, (1-3/16 miles at Jamaica) and handicapper F. E. Kilroe almost got a triple dead heat, the goal of all handicappers. The winner was Jan Burke's DEDICATE with Mrs. E. E. Robbins' MIDAFTERNOON 2nd and A. G. Vanderbilt's FIND 3rd. The winner is a 4-year-old son of *Princequillo—Dini, by John P. Grier, and was bred by Mrs. E. G. Burke.

KENTUCKY

Well Grown Crop

One of the topics about which Thoroughbred breeders will argue for the next several months is why the Saratoga sales were up 8 per cent and the Keeneland sales down 11 per cent as compared with last year. Certainly the Keeneland youngsters were as well bred a lot as ever and "catalogued" very well indeed. Although many of the Saratoga offerings were particularly attractive in the pedigree department, there were a lot of good ones last year also.

Kentucky breeders at Saratoga and buyers who attended both auctions were inclined to think that the offerings of eastern breeders were on the whole better grown out and more mature than their Blue Grass relations. It was suggested that many of the Keeneland Summer Sales yearlings would have brought more money if they had been held until the Fall Sales and given more time to develop. Just what the reason for the difference might be—if indeed there was any real difference at all—has been the subject of much speculation. One of the most frequently voiced theories is that the summer of 1954, when the now yearlings were being carried in utero, was particularly dry in Kentucky, but normal in the seaboard states. Probably the argument can only be settled by comparing the average race track earnings of the sales yearlings two years from now.

King Grail's Half Sister

George D. Widener has a suckling half sister, by Battlefield, to King Grail, the *Ambiorix colt who recently scored a 31-2 upset in the \$25,000-added Choice Stakes, at his Old Kenney Farm, Lexington. The dam, Blue Grail, is in foal to Eight Thirty. The resulting foal will be a full brother or sister to Blue Moon, stakes-placed dam of the West's outstanding current two-year-old filly, Darling Adelle.

*Big Dipper II's First

Roger H., recent winner of the \$10,000-added Graduation Stakes, is the first stakes victor sired by *Big Dipper II, who stands at Henry H. Knight's Almahurst Farm, Lexington.

Bred by Major E. O'Kelly, *Big Dipper II led the English Free Handicap in 1950. The son of Signal Light—Huntress, by Foxhunter, ran fourth in his first start; then in succession took the Norfolk Two-Year-Old, Coventry, July, Champagne and Middle Park Stakes, to earn £12,115.

He was unplaced in a single American appearance at four.

Roger H. was bred by Mr. and Mrs. Frank C. Bishop's Laguna Seca Ranch, and cost \$6,700 at last summer's Del Mar Sales. This summer his half sister, by Cosmic Bomb, has been consigned to the same yearling auction by the partnership of Laguna Seca and Matt Winn Williamson's Old Westport Place, Anchorage.

Marullah's Sister

Ernest H. Widdas has a suckling full sister to Marullah, the *Nasrullah filly who recently won the \$20,000-added

Sorority Stakes, at H. Burnett Robinson's Winter Quarter Farm, Lexington, where Mr. Woods boards his brood mares. The dam, Marguery, who to Whirlaway's cover also produced the stakes victors Whirling Fox and Twirlar (the latter raced in England), is in foal to Count Fleet.

Mr. Woods paid \$22,000 for Marguery at the January dispersal by the Woolwine Syndicate of former Belair Stud mares.

Marullah is one of two fillies retained by John S. Kroese after he bought the Belair horses in training for \$205,000 last December.

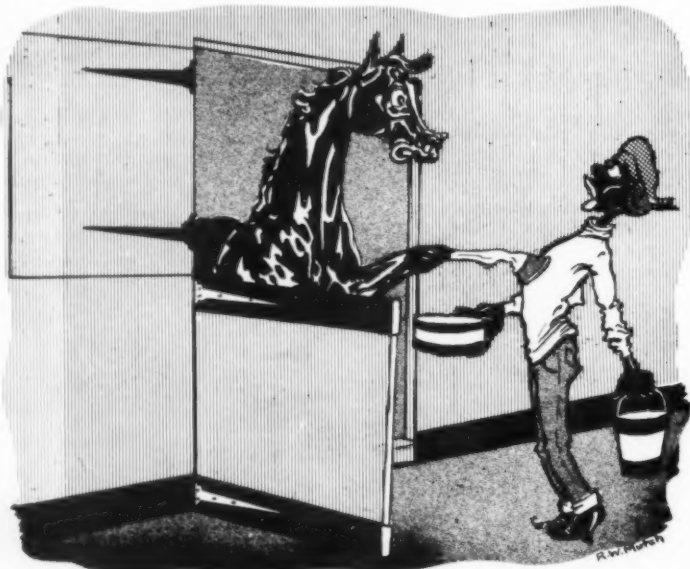

High Voltage Retired

Wheatley Stable's High Voltage, earner of \$362,240, was retired last week to take up broodmare duties at A. B. Hancock's Claiborne Farm, Paris, where the daughter of *Ambiorix—Dynamo, by Menow, was foaled.

She was the best two-year-old filly of 1954, when she won half her dozen starts and was unplaced but once. Her victories that season included the Rose-dale, Colleen, Matron and Selima Stakes, and a division of the National Stallion. Last year she took the Acorn and Black-Eyed Susan Stakes, Coaching Club American and Delaware Oaks, and Vineland Handicap.

Error

Chalk up an error for us in having reported that Brookmeade Stable has a suckling full brother to Gandharva, recent winner of the Champlain Handicap. The dam, Psychist, who has also produced Quija, and her foal now belong to John W. Galbreath's Darby Dan Farm, Lexington.

DISTANCE RACES

Horse racing fans who like distance events - and most of them do to judge by the increased betting figures on longer races - will get their fill at Pimlico this autumn.

Pimlico Executive Director Louis Pondfield today announced two novel features for the fall session opening on November 13 and running through December 15.

The first is a single day on which all eight races will be distance events, the shortest race at one-mile-and-seventy yards and two at one-and-a-half miles.

This unique program has been scheduled for Thanksgiving Day, on November 22, when Pimlico expects its biggest crowd of the year for the 20th running of the \$50,000 Pimlico Special.

The second feature for fans who literally like a longer run for their money is a series of route races which get longer with each race with a proportionate increase in purse value.

The series, a handicap for three-year-olds and up for horses which have started for a price of \$5,000, gets under way on November 14 at one-mile-and-three-sixteenths.

It increases to one-mile-and-a-half on November 22, goes to one-mile-and-three-quarters on December 5, and on closing day reaches a climax at two-and-one-sixteenth miles.

As added inducement to horsemen to participate in all events of the series, cash awards of \$1,000, \$500, \$200 and \$100 will be made to the four trainers whose horses make the best showing in the four races.

SERVICE TO *KHALED

Repeating his generous gesture of last year, Rex C. Ellsworth will again auction a service to his great stallion, *Khaled, for charity at the Del Mar Sales.

The offer of the breeding service to the sire of the sensational record-smashing Swaps will be available to the highest bidder at the Del Mar Sales, scheduled for the nights of August 27 and 28 here.

Ellsworth said that the 1957 breeding fee for *Khaled will be advanced to \$10,000—a new California record.

"There will be only a few outside services available to *Khaled next year," Ellsworth said. "Because of the many new mares I recently purchased in Europe that are to be mated to *Khaled, only those persons with whom I have definite obligations will get services next season."

Ellsworth also said the amount raised from the auctioning of the service to his star stallion will be again turned over to the building fund of the (Mormon) Church of the Latter Day Saints.

It will be recalled that the service to *Khaled brought a record \$25,000 price when bid in last summer here by Harry M. Warner at a pre-sale dinner. Underbidder was Ralph Lowe, Midland, Tex., oil man, who stopped at \$24,000.

ANOTHER STAKES FOR R. S. CLARK

Robert S. Clark's five-year-old Hook Money recorded his ninth victory when he was an easy winner under top weight of 130 lbs. of the five furlong Charles Greenwood Handicap Stakes at Kempton Park worth \$1,300.

Taking the lead inside the final furlong the son of *Bernborough went rapidly clear to pass the post with four lengths to spare.

The race was almost an all-American preserve, for Jock Whitney's Clear River was only just beaten by a head for second place in the photo-finish. P.T.-C.

NASHUA CHALLENGES SWAPS

Leslie Combs II, C.J. Devine and John W. Hanes, who hold the controlling interest in the Nashua syndicate, last week issued a public challenge for a third meeting with Rex C. Ellsworth's Swaps in one of four events on Nashua's schedule. The four contests named are the Atlantic City Handicap on August 11, Saratoga Handicap, August 25, Woodward Handicap, Sept. 29 and Jockey Club Gold Cup, October 13.

The Woodward seems the only likely occasion for a "rubber" meeting between the two great four-year-olds. Before the challenge was issued (as the challengers must have known), Swaps' trainer, "Mish" Tenney, had announced that his charge would not race again until the Washington Park Handicap on Sept. 3; and that he was not interested in the Jockey Club Gold Cup because of its unusual two-mile distance. F.T.P.

RACING WITHOUT CLAIMERS

In these days when the cheap claiming race keeps down the quality of so much racing in this country, the sporting character of the Saratoga meeting received additional emphasis on Tuesday, August 7th, when there was not a single claimer on the entire eight race card.

DAN DAILEY CONSIGNMENT

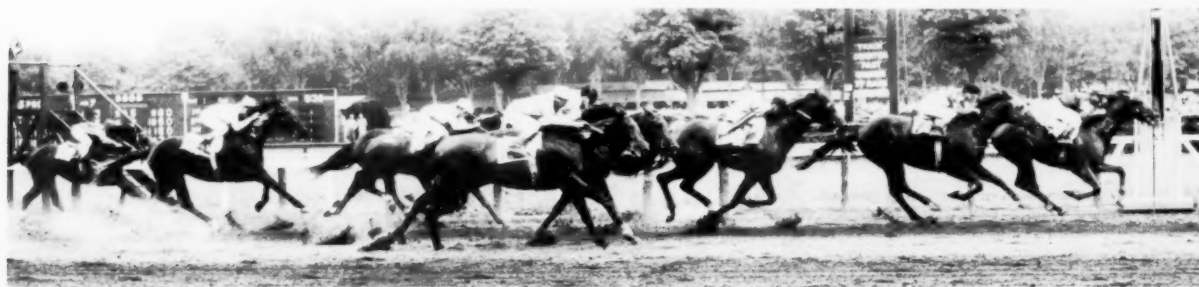

AT DUBLIN SALES

One of the consignors to the yearling sales at Ballsbridge during the Dublin Horse Show is the movie star Dan Dailey who is also M.F.H. of the West Hills Hunt in California. This year he is sending a filly by Le Sage out of Emerald Green, the dam of The Green Lion which won two races in Ireland in 1951 and later won several races in this country.

LEADING HORSES AND OWNERS

According to the Daily Racing Form the leading stables for the first seven months of 1956 were Rex Ellsworth of California, Calumet Farm of Kentucky, Llangollen Farm of Virginia, D & H Stables of Florida and Brookmeade Stable of Virginia. The leading horses were Needles, Swaps, Nashua, Bobby Brocato and Fabius. The above rankings are based on total earnings.

J. A. Morris' MISSILE was the winner in THE FLASH STAKES, at Saratoga for 2-year-olds, in which 12 went to the Post. N. I. Asiel's TAR MAN was 2nd; Greentree Stables' COHOES 3rd; and A. L. Rand's CLEM, and Brandywine Stable's BORA, tied for 4th. The winning 2-year-old is by War Relic—Inajiffy, by *Heliopolis, bred by Crown Crest Farm.

*ARCTIC PRINCE JUVENILE WINS

The four day meeting at Goodwood concluded with the two-year-old Foxhall Stakes over six furlongs for maidens at starting. Worth \$18,200, victory went to the chestnut *Arctic Prince colt, Arctic Flower, who was made favorite despite having run only once unplaced previously.

Inside the last furlong Arctic Flower took the lead in the seventeen horse field and then withstood the strong challenge of another *Arctic Prince colt, Old King Cole, by half a length. Arctic Flower is out of the Big Game mare Fuchsia, whose grandam Ranai bred Derby winner Watling Street.

P.T.-C.

*ROYAL CHARGER'S HALF-BROTHER

Surprise winner of Goodwood's valuable six furlong New Ham Foal Stakes was *Royal Charger's juvenile half-brother Flaneur.

In the colours of Sir Adrian Jarvis, son of the original owner of the famous Spendthrift stallion, he stayed on to hold the challenge of the Queen's Douteille by a short head in a photo finish. Flaneur is by Prince Chevalier, so may well become a Classic prospect next season.

P.T.-C.

ANOTHER WINNER FOR CLARK

Trained by Arthur Budgett, who also turned out Hook Money the previous week, Robert S. Clark's Racing Clouds was a comfortable winner of the five furlong Tyburn Handicap at Birmingham under 110 lbs. Favorite at 5-2, the filly is a three-year-old daughter of Derby victor Nimbus and the Whirlaway mare Speeding Arrow.

P.T.-C.

AMERICAN-OWNED COLT MAY BE BEST ENGLISH JUVENILE

By his victory in the \$8,500 Richmond Stakes over six furlongs, Harry Guggenheim's *Nasrullah colt Red God staked a substantial claim to be regarded as the leading British juvenile, for he won by half a length from the Irish-trained Skindles Hotel. The latter had been a most convincing winner at Ascot, as a result of which many good judges considered him to be the best two-year-old that had been seen in England.

But at Goodwood there was no doubt that Red God won on his merits, for after lying near the rear of the small field in the early stages, he came out to challenge the leaders two furlongs from home and hung on most tenaciously. This was only his second appearance on a racecourse, and trainer Boyd Rochfort's intention at present is to give him one more race before tackling the "Juvenile Derby," Newmarket's Middle Park Stakes, in October.

P. T.-C.

HOLLYWOOD RECORDS

For the 55-day meeting just closed, the

average daily attendance at Hollywood Park (Cal.) was 30,567. Hollywood Park perennially draws the highest attendance in North American racing.

The obvious question is, of course, how they do it. That's easy. Hollywood Park caters to the customers by having a beautiful plant with every possible convenience for poor, old Joe Footsore who pays the admissions and makes the wagers which keep the place in business. Since nobody asked me to write a book, I'll try to summarize this by saying that, if you saw the track and surrounding landscaping and structures, you would understand why lots of people go racing at Hollywood Park. It is magnificent.

In addition to a staggering \$3,568,900 paid out in prize money to horsemen, there were breeders' awards of \$112,055 for California bred animals. There were also various other monies paid out to horsemen, bringing the grand total up to \$3,829,755. They don't fool around at Hollywood.

Swaps holds all the Hollywood Park track records from a mile to a mile and five-eighths, one of these being shared with Aldion. The distances are 1, 1 1/16, 1 1/8, 1 1/4, and 1 5/8. The one shared with Aldion is at 1 1/8 miles. All of these records except the one at 1 1/4 miles are world records as well as track records.

R. J. Clark.

MILE TRACKS TOPS

Maryland's three major mile horse tracks—Pimlico, Laurel and Bowie—produced \$4,899,105 in tax revenue to the state in 1955 as against \$1,783,493 from nine harness and half-mile tracks.

CAREER BOY TO FRANCE

Sylvester Veitch, trainer for C. V. Whitney, has announced that Career Boy will be flown to France to run in the 1 1/2 mile Prix de l'Arc de Triomphe over turf on October 8th. Veitch, who will accompany the horse, has offered the mount to Eddie Arcaro.

WHAT IS A LENGTH?

According to The Blood Horse the term "length" as used to describe the distance separating horses on the race track, is 100 inches or 8 and 1/3 feet. The New York weekly Racing Star, on the other hand, considers an even 8 feet to be the correct figure. Any other ideas?

RACING RESULTS BY PHONE

According to Paris-Turf as quoted in The Blood Horse, racing fans in Algiers, merely by dialling 313-22, can get complete racing results from the voice of a magnetophone which says them twice to avoid any possible error or lapse of memory. A second magnetophone has been installed with a third in prospect.

NOTHING LIKE IT EVER BEFORE!

The 7th Annual Cerebral Palsy Horse Show

Presents the Nation's

GUARANTEE

\$7,500 OPEN JUMPER

That's right—the show's open jumper champion, on points, the reserve champion and the next six runners-up will share \$7,500—in addition to their winnings in each class! Each of 6 classes in the open jumper division will have its own cash prizes, ranging from \$100 to \$500! You can't lose—and the total entry fee for the entire division, including the P.H.A., is only \$280!

Here's How The Open Jumper Championship Money Will Be Divided:

Champion	Reserve	3rd	4th	5th	6th	7th	8th
\$3,000.	\$1,500.	\$1,000.	\$690.	\$400.	\$330.	\$300.	\$280.

Conditions of The Open Jumper Championship Tournament

- Individual horses to be nominated, not entries.
- Closing date for entries to be nominated Sept. 15, 1956 at which time \$30. must be paid; second payment due Oct. 1, \$50; balance due Oct. 10th.
- If the entire entry fee of \$280 for the Open Jumper Championship Tournament is paid on or before Sept. 15, 1956, the Cerebral Palsy Horse Show of Allendale will rebate 10%.
- If initial payment of \$30., due Sept. 15 is not made, a horse may be nominated on or before October 1 by a payment of \$150., with a balance of \$200. due Oct. 10. Later entries for the jumper championship will be accepted at \$500. per entry up to October 12, 1956.
- All fees must be paid on or before dates specified or nominations will be cancelled without refund.
- A horse may change ownership and retain its eligibility under new owner, provided the Cerebral Palsy Horse Show Committee is so advised and the new owner keeps up all payments when due.
- The Cerebral Palsy Horse Show Committee reserves the right to reject any nomination and to return any fees without being liable for compensation.
- The Open Jumper Championship Tournament will be judged in accordance with current Regulations of the Federation Equestre Internationale by recognized A.H.S.A. judges. The P.H.A. class will be judged under A.H.S.A. rules.
- There will be no refunds of any amount made for any reason.
- All horses nominated must be accurately described on the entry blank, giving sex, color, height, age and TB or A.H.S.A. registration number, if any.
- To be eligible for this Championship horses must be entered and shown in all other classes in the division. The P.H.A. class is the only class which may be entered separately.
- In case of ties in points, the Open Jumper Championship will be jumped off over the jumper stake course under the same conditions as the stake.

The undersigned desires to nominate the following horse(s) for the \$7,500 Open Jumper Championship Tournament to be held at the Cerebral Palsy Horse Show, Allendale, N. J., October 12 - 13 - 14, 1956.

Blind Brook Knights Win Over Esquires

Bill Briordy

Adie von Gontard stroked five goals from his No. 2 position to lead the Blind Brook Esquires to a 10-6 victory over the Blind Brook Knights at the Blind Brook Polo Club, Purchase, N. Y., Sunday, Aug. 5.

It was the Esquires second triumph of the season over the Knights. Von Gontard hit one goal in each of the last five chukkers in a match which saw the winners enjoying a 6-1 bulge at half-time.

Riding with von Gontard were Frank Butterworth 3d, Frank Butterworth Jr. and Major Fred Collin. Frank Butterworth Jr. made three markers. The victors began with a two-goal handicap.

Bill Crawford, No. 1 for the Knights, paced his side with three goals. Bill Westerlund, Tom Glynn and R. Crawford were the other riders for the Knights.

The scheduled matches for the Meadow Brook Club, Jericho, L. I., and Bethpage (L. I.) State Park were postponed on account of threatening weather.

N. Y. Area Polo Games Closely Contested

Bill Briordy

A pair of goals in the final chukker by Phil Iglehart enabled the Jericho poloists to take a 9-7 decision from the Meadow Brook four in the weekly high goal match at the new Meadow Brook Club, Jericho, L. I., on Sunday afternoon, July 29. Devereux Milburn gave Meadow Brook the lead, 1-0, in the first period. Then Jericho assumed command on goals by Iglehart and Pete Bostwick in the second period. Jericho showed the way until the fifth period, when Alan Corey split the posts three times to tie the score at 7-all. Pedro Silvero at No. 1 hit four goals for the victors to share the scoring honors. Henry Lewis rounded out the Jericho side. Milburn and Corey swung mallets with Charley Leonard and Herb Pennell. Corey also came through with four goals.

At Bethpage (L. I.) State Park, Bob

Ackerman scored from twenty yards out with two minutes of play remaining to give the Brandywine four a 7-6 triumph over Brookville in the Bethpage Polo League. Ackerman showed the way with five goals, while Archie Young made four of the Brookville markers. Brandywine led by 4-2 at half-time. Ackerman's teammates were George Weymouth, Everett King and Lyle Phillips. Arthur Norden, Steve Kaye and Fred Zeller were the other Brookville riders.

Bruce Gilson hit three goals and Al Marenholz made two as the Great Valley side rode to a 5-3 win over Blind Brook at the Blind Brook Polo Club,

Cecil Smith opened the fourth chukker with a goal to break the deadlock. Captain Don Beveridge and L. J. Stewart on passes from the Barry Brothers each tallied to tie the count for the sixth time.

Cecil Smith put on a one man scoring spree in the fifth with three counters on shots that had the spectators shouting. CCC was held scoreless.

CCC came back with two goals in the sixth, one by Captain Don Beveridge, the second by Bill Barry.

Captain Paul Butler scored the final goal for Oak Brook.

Polo In Hawaii

Commander G. W. Kittredge, U. S. N.

The Maui-Honolulu match called off because of rain the previous Friday, was played July 27 as part of a double header which included a contest between Oahu and Cornell. Honolulu went into the game with a lead of two goals by handicap. Each team got one goal in the first chukker. Then, with the second chukker barely underway, "Pistol Pete" Perkins broke loose, dribbled three quarters the way down the field and rifled one in from about the forty yard line. Maui came back with a goal but Honolulu chalked up two more to lead at the half by a score of 6-2.

In the third chukker, "Manduke" Baldwin backhanded one in from fifteen yards out and for an instant it looked as if Maui had regained some of the spark it had shown two weeks before. Then, midway in the chukker, Gordon von Tempsky, playing at back for Maui, put a well hit drive deep in Honolulu territory. Peter Perkins intercepted the ball in the air. The ball fell to the left of his pony and he started after it, heading for the far sidelines. "Manduke" Baldwin was marking him well. He reached out to hook his stick. Peter knocked "Manduke's" stick aside and tapped the ball, so that it started rolling down the field, towards the direction of the goal. "Manduke" reined his pony sharply to the right, galloping fast, the pony's hindquarters went out from under her, and she came down—hard! It was the third fall for Manduke in as many weeks.

Once again Baldwin was unhurt and went in to play better polo than he had before the fall. By the end of the game he was high scorer for the Maui side which couldn't overtake the two goal lead they had given to Honolulu by

way of handicap. When the game ended, the scoring showed:

Honolulu	—3	3	0	1—7
Maui	—1	1	1	2—5

Maui Honolulu

- | | |
|----------------|------------|
| 1. G. Baldwin | B. Baldwin |
| 2. R. Baldwin | P. Perkins |
| 3. Von Tempsky | E. Hedemen |

Scoring: Maui—G. Baldwin 2, R. Baldwin, 3. Honolulu—B. Baldwin 2, Perkins 2, Hedemen 1, by handicap 2.

The second game of the double header saw Oahu triumph over Cornell by a score of 11 to 7. Both of these teams are young and they ride hard. Sometimes this results in unintentional fouls and in this particular game it was Bim Wilson's uncanny ability to make good on foul shots that gave Oahu the edge. In the first chukker, Peter Baldwin who hits a terrifically long ball, (in fact his greatest trouble in hitting seems to be keeping them in the stadium) racked up three goals from the

back position. Stan Woolaway scored another, giving Cornell four points when the bell sounded. Four to one should have been the score at the end of the first period, because the maroon clad Cornell team plainly outplayed the Oahu trio. But Bim Wilson added two foul shots to Tommy Campos' one goal and the result was 4 to 3 instead of 4 to 1.

In the second and third chukkers it was nip and tuck with first Cornell scoring and then Oahu. Finally, in the fourth period, Tommy Campos got down to work. Tommy was riding his Arabian stallion. The Cornell team must have been riding mares, because the old stallion pushed the Cornell team's ponies around but good, although once in his eagerness to mix it up the old boy lost his footing and slid across the turf, making Tommy get off and walk right in front of Cornell's

fore had horses from the Haras des Monceaux run second in that race: three years ago with LE TYROL (by VERSO II out of PRINCESSE LOINTAINE by PRINCE ROSE), which was also a photofinish and in 1934 with EASTON (by DARK LEGEND out of PHAONA by PHALARIS), which I had sold to Lord Woolavington. At that time Gordon Richards really lost the race to WINDSOR LAD by too careful riding round Tattenham Corner.

Under separate cover I am sending you a pamphlet on my Stud Farm, the Haras des Monceaux, as well as lists of our yearlings and horses in training.

With all best wishes,

Very sincerely,

Grayson Foundation

Dear Sir:

I am writing in behalf of the Grayson Foundation. For a number of years when the five New York tracks were in operation, each donated \$10,000.00 a year and Hialeah, together with Delaware Park, each donated \$5,000.00 a year. This \$60,000.00 was the main income to carry on the research projects of

Ophthalmia
RH
Virus Abortion
Infectious Anaemia
Influenza

The New York tracks operating for the benefit of the State of New York will cease making donations and Hialeah, having been sold, will not contribute. We

have therefore lost a \$55,000.00 income annually.

At this time much work is being done on Virus Abortion and Influenza. While we have made strides towards getting a vaccine made, it will take a few years to complete this project. Last year the following grants were made to carry on this work:

University of Kentucky---\$55,000.00
University of Maryland--- 45,879.42
Vanderbilt University ---- 6,280.00

\$107,159.42

I am at this time asking for special gifts to create a backlog to guarantee the completion of this work. Gifts to Grayson Foundation are tax deductible and with top income that gets into the 90% bracket, the government donates \$9.00 to every spendable dollar that you donate.

I hope that some of your readers will feel able to support the projects we have underway at this time.

Sincerely,

Wm. du Pont, Jr., President,
Grayson Foundation, Inc.

happiness. I didn't know this until the middle of June.

In May, a filly named Lycka won the Etsy Ross Stakes at Garden State. I noted the details of the three-year-olds triumph and at the same time exposed a part of my vast wealth of ignorance.

I said I didn't know what "Lycka" meant.

A kindly gentleman, Mr. J. B. Highbottom, threw a bit of light in my direction. Lycka he reminded is out of Portmora, and the dam of the latter is Hedemora, and Hedemora is the name of a town in Sweden, and "Lycka" is the Swedish word for happiness.

So, here I've been for three months waiting to parade my new-found knowledge and Lycka just wouldn't win. Now she's done it.

The race was the Pageant Handicap at Atlantic City and it was run on August 18. The distance was one mile and the footing was grass.

Cosmah finished second, Lovely Shade, third, and Evelyn Miss, fourth. Mr. Baylor O. Hickman, who owns Lycka and also bred her, collected \$17,175. The filly's 1956 total is \$47,150.

Lycka's sire is *Royal Gem II, and the sire of her dam, Portmora, is The Porter.

Victory in the Pageant gives her 4 wins (in 6 starts) this year. She has

been second once. Last year, she earned \$10,400.

I did not write Mr. Highbottom to thank him for his interest and kindness because his message was forwarded to me without the envelope and there was no address on the letter itself. I have given up sending out letters with just names and no addresses because the post office always sends 'em back.

One more question, Mr. Highbottom—is it "lick" or "like."

Thanks.

King Hairan

Continued From Page 5

Leach then bought the colt privately and cheaply. For his new owner he appeared but once, winning a 5 1/2-furlong maiden race in near-record time at Narragansett Park on July 1, 1949. He was then retired to stand at Dickey with total earnings of \$1,500.

In three seasons to the end of 1955 he had gotten four winners of 14 races and \$51,530. His best runner before King Hairan was Smooth Stride, victor in last year's Youthful Stakes.

King's Stride's sire, Coldstream, captured the Hyde Park and Bashford Manor Stakes; and dead-heated with Red Rain for first in the Saratoga Special. But the son of *Bull Dog made only four starts past the age of two, and was retired with earnings of \$17,650. Royal Blood and Ocean Drive have been the best of his offspring, which have been primarily sprinters.

Royal Sandal, unraced dam of King's Stride, produced two previous victors. The daughter of *Royal Minstrel was the only named foal of the minor stakes winner Rural Route.

King Hairan's dam, Lady Hairan, took 12 races and \$23,050 from three through seven.

The War Jeep filly Iamarose, first foal of the daughter of *Hairan—Lady Meniffee by Meniffee, was unplaced in two starts at three. The mare's next offspring, Iamarose's full sister Miss Saxony, died without starting. Lady Hairan's third foal, the Devil Diver colt Devil's Image, placed at two; and acquired three races and \$13,325 last year at three. These are all her produce before King Hairan.

Lady Hairan's dam, Lady Meniffee, triumphed 20 times from three through six. She produced two other track successes from five more foals. She was a half sister to Clavichord, who annexed the Woodhaven Stakes.

*Hairan, Lady Hairan's sire, acquired the Whitsuntide Plate, Coventry, Dewhurst and Sussex Stakes, Victoria Cup and £6,996 in England. Laran has been the best of his get, which also include the Mexican Derby captor Checkerrhall. Most of *Hairan's offspring, however, have been sprinters.

Probably the most interesting aspect of King Hairan's pedigree lies in his two lines to Harpsichord, dam of *Hairan, *Royal Minstrel and three other stakes performers. One of them, Qurat-al-Ain, produced the Irish Oaks winners Queen of Shiraz and *Majideh. The former foaled *Poona II, victor in last season's Santa Anita Handicap; and the latter is the dam of the English Oaks captor and stakes producer *Masaka, who brought a then record American broodmare price of \$105,000.

Chronicle Cover

Lee Townsend, who has spent much of his life gathering material around race tracks and fair grounds, first became interested in horses when, as a boy, he got a job walking them for the late Bob McGarvey, noted horse trainer. Some of Townsend's first artistic attempts were on the trunks and feed tubs around the racing stables.

After studying at the Art Institute in Chicago, Townsend moved on to New York City where he worked in an advertising agency and also did free-lance illustration. He was also the first art editor of the Jockey Guild Bulletin, official magazine of the guild.

When he decided to go into fine arts it was only natural that Townsend should go back to his first love—the county fair ground. So he took his paint box and "went with horses" around the Eastern county fair circuit for twelve summers. From these summer trips came two one-man exhibitions of his paintings and drawings in New York City.

By this time Townsend had established himself as a painter of the racing scene and his paintings found their way into museums and private collections. His lithograph of a jockey's boots and cap is in Thomas Cravens' best-selling "A Treasury of American Prints."

After nine years as an art instructor at Pennsylvania State College, Townsend moved to a farm in Hunterdon County, New Jersey, where he now resides with his wife and son. He is a member of the Delaware Valley Artists Association and the Associated Artists of New Jersey.

*ENDEAVOUR II IN THE READING ROOM

An extra exhibit in The Reading Room, Saratoga's bachelor club adjoining the race track, during sales week was a portrait recently completed by Jean Bowman for Mrs. Elizabeth Whitney Lunn of her stallion *Endeavour II. The sire of Porterhouse and other stakes winners is shown at the Llangollen Farm, Upperville, Va. on the first slope of the Blue Ridge mountain, looking east across the Piedmont Valley with the blue line of the Bull Run mountain in the distance. In the left foreground is the famous horseshoe stable with the Llangollen house behind it.

RACING MUSEUM

A great addition to the many things to be seen at Saratoga during its current race meeting is the National Museum of Racing situated directly across from the entrance to the track. Although the new building was officially opened last summer, the exhibits have since been given a more permanent placing and many new ones added. Each racing day before the featured event an announcement is made over the loud speaker system calling attention to the Museum and to the movies on racing which are shown there every morning at eleven on the second floor. The main floor contains two principal galleries, one devoted to portraits of race horses of bygone days, the other to race horses of this century. In the former are to be seen a fine collection of the work of Edward Troye, many of the canvases being lent from the Whitney Collection of Sporting Art owned by the Yale University Art Museum. Mr. Walter Jeffords, President of the Racing Museum, has lent a number of pictures, including two fine pictures by de Lattre. Among the contemporary artists whose work is exhibited are Martin Stainforth, Frank Voss, W. Smithson Broadhead, Jean Bowman, Milton Menasco, Richard S. Reeves, and Allen Brewer. There are 150 years of great horses from Sir Archie to Swaps and Nashua. A particularly attractive group of portraits of horses and people illustrates the breeding activities of the Harding-Jackson family at the Belle Meade Stud Farm near Nashville, Tenn. during the 19th century. The cases of jockeys' silks make a colorful background.

VANNING TO VIRGINIA

Tom Bunn, Jr., Pebble Beach, California, has purchased 'Desert Fox', 1953 Pacific Coast Conformation Hunter Champion, and 'Carmichael' 1955 Pacific Coast Reserve Jumper Champion, from Mrs. Leone G. Campbell, Scottsdale, Arizona. Tom has also acquired a jumper, 'The Jonesboy', from the Artesia Stock Farm, Artesia, California, and along with his own 'Orphan Lad', Tom is vanning to Virginia with his four horses, where he will show extensively on the East Coast while attending the University of Virginia.

SPORTING VET

Dr. James L. Johenning Vet — announces the opening of The Clairmont Animal Hospital, Chamblee, Ga. Dr. Johenning was Honorary Whipper-in for 4 years and M.F.H. for one year of The Rockridge Hunt in Lexington, Va. He plans to put in Box Stalls and an Exercise Ring for horses as well as extensive accommodations for all domestic small animals.

CONVENTION BOUND

Secretary of the Treasury George M. Humphrey and John Hay Whitney were unable to attend the Horse of the Year dinner held in Saratoga Springs, N. Y. on August 16. San Francisco and the Convention will claim them, so they could not be there to pay tribute to trainer James Fitzsimmons and Nashua, champion Thoroughbred of 1955 . . .

FROM POLO TO RACING

Robert Lehman, president of the Wall Street banking firm of Lehman Brothers and owner of Count of Honor, the 3-year-old by Count Fleet—Honor Bound by *Bull Dog which has won all his five starts on the west coast including the Westerner Stakes, got into racing through the allied sport of polo. Teamed with the late Thomas Hitchcock, and with J. H. and C. V. Whitney, he won the national 20-goal polo championship three years running.

BAB'S BAMBI SOLD

Fox Hollow Stables, Orange, Va. reports the sale of their good two year old black mare, Bab's Bambi, to Mr. and Mrs. Royal Firman, Jr., of Mentor, Ohio for their ten year old daughter, Cindy. Bambi is by the well known Welsh stallion, Sylvia's Comet, out of the grand old show mare, Farnley Babette. We wish Cindy all the luck and fun that we have had with Bambi.—T. D. J.

SNOW DANCER TO HAMPTON

Several pony exhibitors seem to be under the impression that Snow Dancer still belongs to Fox Hollow Stables. She has been purchased from the David Dallas Odells, Malvern, Pa., by Roderick Lee of Hampton for his daughter, Susan, and they have been showing quite successfully thus far.—T. D. J.

J. HENRY ALEXANDRE, JR.

J. Henry Alexandre, Jr. died July 23rd at his home at Glen Head, Long Island, at the age of 72. He was president of the Turf and Field Club at Belmont Park of which he had been an officer since 1922.

PRINCE SIMON IN HUNT CUP?

The August issue of the Maryland Horse features an article by Joe B. Hickey, Jr. on Prince Simon, bred by the late William Woodward, Sr. in this country and sent to England where he raced most successfully, being placed at the top of the Free Handicap as a 3-year-old. After 4 seasons in the stud where he proved to be a shy breeder, Prince Simon was gelded. After the sale of the Woodward horses, following the tragic death of William Woodward, Jr., Prince Simon was the only horse left at Belair, historic home of the Ogle and Tasker families, who were among the leading breeders of race horses in colonial times. He was then presented by the Trustees of the Estate to James McHenry, a regular follower of the Green Spring Valley Hunt, whose father owned and rode the first winner of the Maryland Hunt Cup, Johnny Miller, in 1894. Prince Simon, now 9 years old, is being schooled as a hunter by Miss Ethel Hoffman of the Garrison Forest School. When asked whether he might run in the Hunt Cup, Mr. McHenry replied that he might get the chance if he shows the required aptitude.

BORG AT OLYMPICS

In the Souvenir Olympic Games issue of the British "Light Horse", Charles Harris comments as follows on the performance of Major Robert Borg, one of the members of the U. S. Grand Prix de Dressage Team, on Bill Biddle: "One of the few riders to show clear gait variations. The walk requirements were by far the best and consistent."

MUFFIN'S NEW OWNER

Of interest recently is the sale of Mrs. George Ohrstrom's three year old grey Connemara pony, Muffin, to Mr. Harold Shaeffer of Chestnut Hill, Pa. The pony is now the prize property of ten-year-old Harold, Jr. Under the tutelage of Milton Kulp, the pair should be hard to beat in the southeastern Pennsylvania shows. Prior to her sale, Muffin accounted for the reserve novice pony championship at the Maryland Pony Show in July.—Fencepost

THE JUNIOR LOOK

Dallas Texas, Dr. Raworth Williams, crack left handed poloist, who has been mingling with the Southwestern malleters for more years than he cares to recall, but who cannot evade the fact he was a star quarterback on the University of Texas' 1916 football squad, recently met an old colleague from college days. "Williams, for God's sake, when are you going to quit polo" asked the friend. "Well, I'm not quite ready yet" replied Dr. Williams. "We came within an ace last year of winning the junior championship". "Junior championship!" exclaimed his friend. "What in the devil do the seniors look like?" —B. B.

MILLBROOK ROUND TABLE

The opening meet of the Millbrook drag hounds took place on July 31 at Two Farms. The field, which numbered almost forty, was divided into two flights. The first was ably led by Miss Carol Tompkins and the second by John C. R. Tompkins. The five couples of hounds were hunted by Ripley Allen and his two whips, Miss Janice Johnson and Miss Lee Davison.

The drag line had been previously laid by Mrs. Morgan Wing, Jr. and Earl Chadwell. Eighteen of the horses came from Charles Wrays new Fox Corner Farms Stables. The hunt attracted members of the field from New Marlboro, Mass.; Tucson Arizona; Rhinebeck, N. Y.; Lakeville, Conn. and Lausanne, Switzerland.

After the hunt, the field all enjoyed a delicious hunt breakfast given by Mr. and Mrs. Frederic Bontecou.

dent for several years. He is the President of Stone and Webster, Inc., also President of the U. S. Equestrian Team Inc., a Member of The Jockey Club and a Director and Member of the Executive Committee of the American Horse Shows Association and National Horse Show Association.

Mr. Fred F. Alexandre was elected Vice-President and Mr. Sidney D. Ripley, Honorary Secretary and Treasurer.

A Planning Committee was appointed with Mr. Fred F. Alexandre as Chairman. This Committee is to study and make recommendations to the board in connection with the proposed improvements being undertaken in New York by The Greater New York Association, Inc.

WISCONSIN STATE FAIR

This year the State Fair activities usually run in conjunction with the horse show were missing, as the rest of the Fair is being run two weeks later, to run from the 18th through the 26th. The exhibitors enjoyed this as it gave

DR. T. O. BOOTH

Dr. T. O. Booth, 66, Chief Veterinarian for the Texas Livestock Sanitary Commission, and one of the best liked members of his profession in the State, died this week in the McKinney Veterans Hospital. Dr. Booth served in both World Wars as a Major in the Army Veterinary Corps. He was a graduate of the Kansas City Veterinary College. Dr. Booth, who resigned his State position some time ago, when he became too ill to carry on, has lived here over 16 years. —B. R.

WILLIAM GRAY MEMORIAL TROPHY

William Gray, who was killed in an automobile accident, will be sorely missed in The Twin Cities. He rode for many years for Mrs. Glenn Millard and before that came to Minneapolis from Pennsylvania with the Lyman Wakefields. Bill's horses all had that deluxe look. . . the manes and tails were always braided just a little bit better than any others and the horses he trained were beautifully mannered. Mrs. Glenn Millard has presented a William Gray Memorial Trophy to be awarded annually for the Open Conformation Hunter Class at the Woodhill Horse Show. —N. S. L.

ADDED LOCAL INCOME

Often it is extremely difficult for horse show committees in small towns to get the support of local merchants by way of advertising in the horse show program or prize list. The Rotary Club of Skaneateles New York proved that local business can profit from horse shows and that advertising in prize lists and programs does pay off. To substantiate this point we would like to quote from The Skaneateles Press Friday, August 3, 1956; "No one of course can give any definite figures, but The Rotary Club's Horse Show brought many visitors to Skaneateles. The additional visitors, the Horse Show people themselves, and tourists taxed our hotels, motels, restaurants, etc. to the full and the money they spent ran into the thousands.

All stores in the village profited by the event and many attended the Lyric Circus production of "Kismet" which was showing."

SMITHS IN IRELAND

The Morton W. Smiths of Middleburg, Va., are visiting in Kilkee, Co. Clare, Eire. Cappy purchased a chestnut 3-year-old and has added several other purchases to his show string. The Smiths have been making the rounds of the stud farms and attending the races in addition to a little high stepping. —M. T.

Stewart Voss presents the Franklin B. Voss Memorial Trophy for working hunters to Sydney Gadd, and Atom Power, at My Lady's Manor Horse and Pony Show, Monkton, Md.

Members of the drag hunt wish to thank Mrs. Wing, who is in charge of the hounds, for all the time, work and ingenuity that she has put into making the pack a success.

Hounds will meet twice a week on Tuesdays and Saturdays, at 7:30 a. m. through August. Anyone who would enjoy following the hounds afoot or in a car is most cordially invited to attend.

TURF AND FIELD CLUB PRESIDENT

At the meeting of the Turf and Field Club held recently, Mr. Whitney Stone was elected President to fill the vacancy of Mr. J. Henry Alexandre, deceased. Mr. Stone had been Vice-presi-

dent them the liberty of driving in and out of the grounds at will, and parking close to their stables, where previously they had to walk blocks to and from the allotted parking lots.

DIAL'S UP AND AT 'EM

John W. Dial, Beeville, Texas who has been on the ailing list for some weeks now, is reported up and attending to business. "A man as active as me cannot remain still, and I figure I can get well quicker out attending to what little business the drought left than in the sick bed" commented the veteran, who for the first time in his

Believers in the value of inbreeding to a top mare can certainly point to King Hairan as a case in favor of their theory.

Epsom Derby On TV 25 Years Ago
Twenty five years ago: A new item from England gave pause for thought

when parts of Cameronian's Epsom Derby was experimentally televised—The Derby was chosen for the first telecast of an outdoor event under natural light conditions and the parade to the post and scene of the crowd at the finish line were successfully transmitted. Less successful was telecasting the transaction of certain wagers on the Epsom Derby. It seems that some 50 bookmakers at Epsom Downs "defected" following Cameronian's victory.

THE CHRONICLE

Atlantic City Improvements

The parking lot at the Atlantic City Race Course, the largest single unit lot in all of racing has recently been made even larger. Its present capacity is 16,000 cars and in an emergency, 4,000 additional cars can be handled on the surrounding grass. Other improvements in the plant include a new cafeteria overlooking the paddock walking ring in the clubhouse grandstand and a second dining room for private parties.
